DIVIDEND :

The Board of Directors recommends the payment of Dividend for the year ended 31st March, 2019 at the rate of ₹ 0.15 per share. If approved, the Equity Dividend shall be paid, subject to the provisions of section 126 of the Companies Act, 2013 to those Shareholders whose names stand on the Register of Members on 27th July, 2019.

The Dividend in respect of shares held in electronic form, will be paid to all those beneficial owners of the shares as per the details furnished by depositories for the purpose at the close of business hours on 15th July, 2019.

OPERATIONS :

The Directors are pleased to report that the Company's operations have shown healthy growth in output during the year. Successful completion and performance of the Project of "Full width Supercalender", have given the planned contribution. Besides, contribution from "Paper Machine" and "Boiler rebuild" overall operational improvement and judicious fiber management have also contributed to growth in output and cost reduction.

On the other hand, worldwide Market Pulp availability during the year remained tight pushing up the pulp prices by about ₹ 1,000 - 12,000/- per M.T. This happened apparently due to changes in the policy in China restricting import of Waste Paper thus increasing demand of Market Pulp. Its impact through increase in our product prices could not be fully neutralized. Therefore, despite the increased output of paper, total contribution and profits were adversely affected. By the end of the year, the situation seems to be heading towards normal. Energy costs remained in control, however, we experienced headwinds against our plans to maximise power purchase under Open Access route. The earlier arrangement made under "Group Captive Scheme" with a Thermal Power Plant is suspended pending objections raised by the State Power Distribution Company, resulting in increased unit cost of power. To neutralize some of the increased cost, the Company has already invested under 'Group Captive Scheme', into 4900 KW Solar Power Plant with power supply started since March 2019 and further efforts are being made to source renewable Wind Power subject to clearance from the State power Distribution Company.

The Coater Project installation is under progress to be ready for operations during second quarter of 2019-20 thus enabling the Company to enter into "Functionally Coated" Paper business for food baking / packaging applications.

The Hygiene Products Division has shown growth in business commensurate with continuing benefit accruing under the GST regime for price competitiveness.

The Company's turnover having an overall growth of 16% due to increased Sales volume and price increase which could partly absorb the escalating Global Market pulp prices thus reducing EBITDA by 10.6% & Profit by 12.3%. By the year end, softening trend in pulp prices and judicious steps taken to optimise furnish mix by substituting partly with high quality recycled fiber are, barring unforeseen circumstances, expected to improve the profitability.

FIXED DEPOSITS :

As informed to you earlier, pursuant to the Scheme of Arrangement and Reconstruction (Demerger) as sanctioned by the Hon'ble Bombay High Court, the "Fixed Deposits Liability" was transferred from Pudumjee Pulp & Paper Mills Limited to the Company. REPORT ON CORPORATE GOVERNANCE

The Directors present their Report on Corporate Governance as required by SEBI guidelines and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015:

Company's Philosophy on Code of Governance:

The Company's philosophy on Corporate Governance envisages transparency with integrity in all its dealings with its stakeholders including shareholders, employees, lenders and others, ensuring a high degree of regulatory compliance.

Code of Conduct:

The Company has adopted a Code of Conduct (the Code) for Directors and Senior Management of the Company in its meeting held on 14th November, 2015 in terms of the requirement of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as 'Listing Regulations'). The Code of Conduct is available at the Company's website www.pudumjee.com.

The Board members and Senior Management Personnel have affirmed their Compliance with the code. A declaration to this effect signed by the Executive Director of the Company is attached with the Annual Report.

BOARD PROCEDURE:

Board Meetings are held about four-five times a year. Detailed Agenda is sent to each Director well in advance of the meetings. The Directors are briefed at each Board Meeting regarding performance and working by the functional heads. In addition to matters statutorily requiring Board's approval, all major decisions of policy, strategic formulations, capital expenditure, new investments, major accounting policies are considered by the committees and/ Board.

MANAGEMENT DISCUSSION AND ANALYSIS:

Overview

The Company has two business divisions, namely, 'Paper Division' and 'Hygiene Division'. The Paper Division manufactures Specialty Papers and markets them throughout the country and exports small quantity. These products comply with special requirements of the customers for application in Packaging of Food products, those require oil and grease resistance, papers for industrial application, household and personal hygiene application meeting requirements in daily life. Examples of such products are:

1. Laminating Base used with functional lamination for packaging of food grade products, pharma products, mouth fresheners, etc.
2. Glassine Paper, Oil & Grease resistance paper, Vegetable Parchmentine, etc. used for Packaging of food products, oily products, packaging of butter, cheese, etc.
3. Papers for Cake Baking and similar applications.
4. Décor Papers for use in Decorative laminates for furniture, Base Paper for Melamine Tableware, etc.
5. Kraft Paper used as Release Liner for labels, etc. Kraft Interleaving for Steel and Glass Industry, Kraft Paper for electrical insulation, etc.
6. Bleached interleaving kraft paper used in lamination for flexible packaging.
7. Cooling pad papers for applications in industrial and household coolers.
8. Fine Printing Papers for Bible Printing, Dictionary, Books, Pharma leaflets as insert & outserts.
9. Creped Tissue products for hygiene application viz. Napkins, Kitchen Towel, Toilet Rolls Paper for baby diapers, sanitary napkins etc.

The Hygiene Division of the Company undertakes conversion of tissue products to value add a part of the production and markets it together with dispensers and other Hygiene products.

The Company is entirely dependent on imports for its fiber requirement viz. Market Pulp and Waste Paper, the prices of which remained high during the year in the International market. The Market Pulp prices combined with the effect of weakening of Rupee against Dollar have on an average, risen from about ₹ 45,000 per MT to ₹ 57,000 per MT during the year. Since the fiber raw material constitutes about 53% of the sales value, this has made substantial financial impact. Company's efforts, however, continue to be made through:

- (i) Increase in volume of high contributing products.
- (ii) Product mix optimisation with better realization, price correction etc., and
- (iii) Cost reduction initiatives in the energy supply and investment on a Supercalendar project.

The Company also undertook three other projects - (i) upgradation of coal fired boiler from 30 T/hr to 35 T/hr steam generation to meet the demand for higher paper production (ii) PM-2 upgradation by installing silent drives to increase machine speed and thus higher production in certain grades. (iii) Installation of size press on PM-1 to improve the quality of products and flexibility of switching over some products from PM-2 to PM-1.

The Company's manufacturing facilities currently located in Pune are saturated and progressive urbanization around the factory site restricts future growth prospects. The Company has already invested in large industrial site admeasuring about 75 acres at MIDC, Mahad in Maharashtra State which would offer future growth opportunities. The Company is examining options in regard to manufacturing of new products besides proposed relocation of existing machines from Pune to Mahad, evaluating market growth potential and required high investment. Mahad location already offers State Government incentives corresponding to the capital expenditure.

The Hygiene Products Division of the Company markets its 'Away-from-Home' converted tissue products such as Bathroom roll, Kitchen towel, Napkins, dispensers and other hygiene products under brand name 'Greenlime', to Institutional buyers such as Luxury Hotels, Airports, Corporate Offices, Facility Managers as the main customers.

Prior to introduction of GST regime the products of the Division were at disadvantage in as much as the Company, following transparent policies, was not able to fully face competition from unorganized sector resorting to unfair trade practices. The GST regime has given a level playing field against this disadvantage and consequently not only its turnover began to go up but also the division now regularly reports net Profit.

Company Performance

During the year under review, the Company has achieved turnover of ₹ 589.52 Crores (Previous year ₹ 506.23 Crores) resulting in EBITDA at ₹ 40.83 Crores (Previous year ₹ 45.68 Crores) and a Net Profit after tax & other Comprehensive Income at ₹ 17.12 Crores (Previous year ₹19.51 Crores).

Human Resources

The Company follows fair 'human resource' practices providing equal opportunity to all its employees. The policy includes on the job training, progressive and performance driven remuneration, talent retention and some work-life balance programs. The Company believes in offering full opportunity for growth to employees demonstrating positive attitude and initiative to accept challenge and responsibility.

The Company employs about 612 employees and the Industrial relations with the employees remained cordial during the year. A wage agreement which will remain in force till 31st March, 2020 was signed with the Worker's Union.

Opportunities of the Company

Having established itself as pioneers in Specialty Paper products and preferred supplier of quality products in India, the Company is poised for growth with its wide range of Products. Rising urbanisation in India currently estimated over 35% and expected to grow 2.5% (above the 1.3% growth in total population) with expanding middle class is likely to be almost 1 billion people (almost 70% of the population) by 2025.

Spending on education has also been rising both in rural and urban areas with, on an average, all-India spending on education about 5% of the overall household spending.

Rising proportion of working age population and India's median age of 27 years makes it a young Country with large productive workforce. Increase in disposable incomes and changing consumer behaviour preferences, greater penetration of education, print and media, demographic transformation towards a younger population and a shift towards more aspirational life style are other factors.

Besides, there are already signs of growing popularity of ready-to-eat products, liquid packaging and other perishable products all result in higher demand for packaging. The growing intolerance and statutory compulsions against the use of plastics would give way to paper based packaging offering growth opportunities to Pudumjee's planned range of 'functionally coated' packaging paper to enter into flexible packaging applications. Growing hygiene awareness in general and personal hygiene shall support Pudumjee's business objectives for Crepe Tissue products.

Competitive strengths of the Company

- Research & Development with focus on products development as per customer's requirements.
- Extensive distribution network.
- Strong brand recall.
- Relevant expertise, experienced work force and agile management team.
- Cost efficient sourcing and locational advantage and effective cost management.
- Wide range of Product Portfolio.
- Ability to change product mix.

Business Strategy of the Company

- Continuous strengthening of in-house R & D set up and products innovation.
- Build stronger ties with the users & prospective customers.
- Standardizing products specification.
- Identify market opportunities for growth.
- Continuous emphasis on cost reduction and develop ability to design product mix, optimizing input costs, maintain quality and improve margins.
- Relocation of manufacturing facilities with technology upgradation and expanded capacity.

Concerns and threats

In the absence of its own source of fiber, the Company is heavily dependent on bought out fiber for its raw material and majorly imports them from overseas markets. Due to cyclical nature of the business, adverse fluctuations in market pulp prices and foreign exchange volatility substantially impact its working. Further, due to lack of potential Co-generation facilities the Company necessarily depends on costlier purchased energy. Installation of '100 KV Substation' and 'open access' power purchase arrangements made have helped reduce energy cost. However, this conflicts with the earnings of the State Electricity Boards and often impose levies / change tariff to discourage such arrangements. This puts lot of pressure in purchasing power through "Open Access" route. The Company has been purchasing power from Sai Wardha Power Generation Limited (SWPGL) under Group Captive scheme by contribution its share of required investment in equity in SWPGL. The power supply under such scheme are exempt from the levy of Cross Subsidy Surcharge (CSS) and Additional Surcharge (AS). However, such levies aggregating ₹ 15.80 Crores have been demanded by Maharashtra State Electricity Distribution Company Limited (MSEDCL) from the Company in respect of the power supplied for the Financial Year 2016-17 and 2018-19 (upto October, 2018). This entire matter is sub-judice before Maharashtra Electricity Regulatory Commission /Appellate Tribunal for Electricity and is under stay order. The Company has a right of reimbursement from SWPGL in terms of the agreement executed with them. However, SWPGL has become subject matter of Insolvency and Bankruptcy Code. The paper industry also faces shortage of talented and experienced workforce due to shortage of good institutes offering technical courses for the Pulp and Paper industry and general aversion to seeking career in the industry and working on the shop floor. This makes hiring of younger people difficult and those who join leave after few years of working experience for better opportunities.

Though the Company meets stringent norms of pollution laid down by the Government but the deteriorating quality and depleting level of the water in the adjacent 'Pawna river' from which it draws its water requirement by agreement having contributed towards proportional cost of 'Pawna Dam' to the State Irrigation Department, could become a cause of concern to enhanced treatment cost.

Internal Control System and Their Adequacy

The Company has adopted internal control procedures commensurate with its size and operations. The Company's internal control system is designed to ensure management efficiency, measurability and verifiability, reliability of accounting and management information, compliance with all applicable laws and regulations, and the safeguard of the Company's assets so that the main company risks (operational, compliance-related, economic and financial) are properly identified and managed over time. The Board of Directors takes stock of internal control measures taken from time to time.

Environment

Company's Mill site at Thergaon, Chinchwad, Town Pune, over the years has seen rapidly growing urbanization which imposes enhanced responsibility on the Company towards Compliances. Through proper operations and control, the Company has been fully complying with the regulations governing discharge of treated waste water, emission of dust particulate in flue gas etc which are being constantly monitored on-line by the Mill and the State and Central Pollution Control Boards.

The Mill draws its water requirement from adjoining Pawana River wherein water is released from the 'Upstream Pawana Dam' by the Irrigation Department as per sanctioned quota through an arrangement based on the proportional contribution made by the Company towards the cost of the dam. The quality of water upstream of Pudumjee's drawal point has considerably deteriorated due to discharge of untreated waste water from upstream consumers which is a matter of concern for the Company in terms of increasing cost of treatment. On the other hand, there has been a recent concern of any discharge of treated effluent to the Pawana river even though the quality of effluent meets the stringent norms of MPCB.

Cautionary Statement

Statements in this Report, particularly those which relate to Management Discussion and Analysis, describing the Company's objectives, projections, estimates and expectations may constitute "forward looking statements" within the meaning of applicable laws and regulations. The Company's actual results, achievement might differ materially from those projected in any such forward looking statements.

CRITERIA FOR SELECTION OF CANDIDATES FOR SENIOR MANAGEMENT AND MEMBERS ON THE BOARD OF DIRECTORS

Introduction:

In accordance with the provisions of Section 178 of the Companies Act, 2013, the Board of Directors of the Company at its meeting held on 14.11.2015, constituted the Nomination and Remuneration Committee of the Board of Directors (Committee) and also stipulated terms of reference in line with the Companies Act, 2013.

The Board has delegated the responsibility to the Committee to formulate the criteria for identification, selection of the candidates fit for the various positions in senior management and who are qualified to be appointed as Director on the Board of Directors of the Company.

The Committee has adopted the following criteria for selection of candidates eligible to be appointed in the Senior Management of the Company and also Member on the Board of Directors of the Company.

Criteria for Selection of Directors:

The Committee shall, before making any recommendation to the Board for appointment of any Director, consider the following;

- the candidate should have appropriate experience both in terms of quality and time in any of the areas viz. banking, infrastructure, financial management, legal, sales, marketing, administration, research, corporate governance, technical operations, or such other areas or disciplines which in the opinion of the management and Committee are relevant for the Company's business;
- the candidate should possess the positive attributes such as leadership skills, decision making skills, integrity, effective communication, hard work, commitment and such other attributes which in the opinion of the Committee the candidate possess and are in the interest of the Company;
- the candidate should be free from any disqualifications as provided under Sections 164 and 167 of the Companies Act, 2013;
- the candidate should meet the conditions of being independent as stipulated under the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015, in case of appointment of an independent director;
- the candidate should possess appropriate skills, experience and knowledge in one or more fields of finance, law, management, sales, marketing, administration, research, corporate governance, technical operations, infrastructure, or such other areas or disciplines which are relevant for the Company's business;

The Committee should also verify that the said person is not debarred from holding the office of Director pursuant to any SEBI order or any other such authority.

Criteria for Selection of Senior Management Personnel:

The term 'Senior Management' shall have the meaning provided under the explanation to Section 178 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended with effect from 1st April, 2019, as provided herewith –

As per Section 178 of the Companies Act, 2013,

The expression “senior management” means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, including the functional heads.

As per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended with effect from 1st April, 2019

- “senior management” shall mean officers/personnel of the listed entity who are members of its core management team excluding board of directors and normally this shall comprise all members of management one level below the chief executive officer/managing director/whole time director/manager (including chief executive officer/manager, in case they are not part of the board) and shall specifically include company secretary and chief financial officer.

The Committee shall, before making any recommendation to the Board, for appointment, consider the attributes of the candidate set forth below:

- The candidate should have appropriate experience both in terms of quality and time in any of the areas viz. banking, infrastructure, financial management, legal, sales, marketing, administration, research, corporate governance, technical operations, or such other areas or disciplines which in the opinion of the management and Committee are relevant for the Company's business;
- The candidate should possess the positive attributes such as leadership skills, decision making skills, integrity, effective communication, hard work, commitment and such other attributes which in the opinion of the Committee the candidate possess and are in the interest of the Company.

If the Committee finds that the candidate meets the above criteria for appointment as part of Senior Management or as a Director on the Board, as the case may be, the Committee shall make its recommendation to the Board.

The Company also reimburses the out of pocket expenses incurred by the Directors for attending the meetings.

INDEPENDENT AUDITOR'S REPORT

To

The Members of

Pudumjee Paper Products Limited

Report on the Audit of the Financial Statements

We have audited the accompanying financial statements of Pudumjee Paper Products Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing(SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Provisions and contingencies</p> <p>The Company has received a demand of ₹ 1580.34 lakhs from MSEDCL on power purchased from outside vendor in captive power purchase scheme. The matter is pending in with appellate tribunal/MERC where the Company's appeal / petition are pending. No Provision has been made in books based on management's estimate.</p> <p>Refer Note 28 of the financial statement.</p>	<p>Our procedure included, but were not limited to the following:</p> <p>We assessed the management's judgement in determining the probability of the outcome of the pending litigation, and an ultimate probability of economic outflow.</p> <p>We have obtained information on the pending litigation and its status. We have obtained explanations from management to understand the merits in the demand and appeal filled.</p> <p>We have also consider the adequacy of the disclosures in respect of the pending demand and the sub-judice matter.</p>
<p>Assessment of impairment of Goodwill</p> <p>Goodwill of Rs. 7793.05 has arisen as per the Scheme of arrangement and reconstruction approved by high court dated January 8, 2016.</p> <p>The management monitors goodwill at the company level by considering entire business. Consequently, goodwill is not allocable to any segment or cash-generating unit.</p> <p>Goodwill is tested for impairment at least annually or when events occur or changes in circumstances indicate that the recoverable amount is less than its carrying value. The recoverable amount is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions.</p> <p>Refer note 31 of the financial statements.</p>	<p>Our procedure included, but were not limited to the following:</p> <p>Obtained the valuation report prepared by management for determining the value-in-use, which includes projected cash flows. Assessed the significant estimates and judgements used.</p> <p>Assessed the reasonableness of assumptions used, including assumptions relating to revenue growth rate, gross margins, discount rates, long-term growth rate etc. based on historical results, current developments and future plans of the business estimated by management.</p> <p>Assessed cash flow forecasts to ensure consistency with current operations of the Company and performed sensitivity analysis on key assumptions used in management's calculated recoverable value.</p> <p>Based on our procedures, we also considered the adequacy of disclosures in respect of goodwill impairment in the notes to the financial statements.</p>

Other Information

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Report but does not include the financial statements and our auditor's report thereon.

The Annual Report is expected to be made available to us after the date of our auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, the profit and total comprehensive income, changes in equity and its cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Misstatements can arise due to fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations as at March 31, 2019 which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts as at March 31, 2019;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2019;
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2019.

3. With respect to the other matters to be included in the Auditor's Report under section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in the Independent Auditors' Report of even date to the members of Pudumjee Paper Products Limited on the financial statements as of and for the year ended March 31, 2019

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) The title deeds of immovable properties, as disclosed in Note 3 on property, plant and equipment to the financial statements, are held in the name of the Company.
- ii. The physical verification of inventory excluding stocks with third parties have been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. No material discrepancies were noticed on such physical verification.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.
- v. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Sections 73, 74, 75 and 76 or any other relevant provisions of the Act to the extent notified. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal on the Company in respect of the aforesaid deposits.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including provident fund, professional tax, income tax, sales tax, goods and service tax, and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income tax, sales-tax, goods and service tax which have not been deposited on account of any dispute. The particulars of dues of duty of excise, as at March 31, 2019, which have not been deposited on account of a dispute, are as follows:

Sr. No.	Nature of the Dues	Amount (₹ in lakhs)	Forum where the dispute is Pending
1.	Excise	20.96	CESTAT Mumbai
2.	Excise	0.77	Asst. Commissioner, central excise Dept.

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government as at the balance sheet date.
- ix. During the year ended March 31, 2019, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans. Accordingly, the provisions of Clause 3(ix) of the Order are not applicable to the Company.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- xiv. The Company has not made any preferential allotment or private placement of shares or convertible debentures during the year under audit. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. According to the information and explanations given to us and the records of the Company examined by us, the Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in the Independent Auditors' Report of even date to the members of Pudumjee Paper Products Limited on the financial statements for the year ended March 31, 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of Pudumjee Paper Products Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial

statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company is public limited company and is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The financial Statements were authorised for issue in accordance with resolution passed by the Board of Directors of the Company on May 24, 2019.

Note 2 : Summary of significant accounting policies

a. Basis of preparation

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either, in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

b. **Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within the operating cycle or twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within the operating cycle or twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Provisions where timing of cash out-flow is not certain is classified as non-current.

Operating cycle of the Company is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The company has ascertained operating cycle of 12 months for the purpose of current and non-current classification of assets and liabilities.

c. **Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligator in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Sale of goods:

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Amounts disclosed are inclusive of excise duty and net of returns and allowances, trade discounts, volume rebates, value added taxes, goods and service tax and amounts collected on behalf of third parties. Insurance/freight charged on sales and recovered is included in revenue as a part of Other operating revenue.

Goods are often sold with retrospective volume discounts based on aggregate sale over the contract period. Revenue from these sales is based on the price specified in the sales contracts, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts. A refund liability (included in other financial liability) is recognised for expected volume discounts payable to customers in relation to sales made until the end of reporting period.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

No element of financing is deemed present as the sales are made with a credit term consistent with market practice. Further the Company charges interest to customers on delayed payment, if any.

Export incentive:

Export incentive related to export of goods, is recognised as income when the right to receive such incentive is established in principle, i.e. at the time of export sale is complete.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Interest income is included in Other income in the statement of profit and loss.

Dividends

Income from dividend on investments is accrued in the year in which it is declared, whereby the Company's right to receive is established.

d. Property, plant and equipment

Property, plant and equipment, Capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit or loss as incurred. No decommissioning liabilities are expected or be incurred on the assets of plant and equipment.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset Category	Useful Life considered	Useful life as per Schedule II
Factory Building	30	30
Factory Building (on lease hold land)	8.5	30
plant & Machinery	25	25
plant & Machinery (used in generation, transmission & distribution of power)	40	40
Data Processing Units	3	3
Computer software	6	6
Laboratory Equipment	10	10
Vehicles (Two Wheelers)	10	10
Vehicles	8	8
Furniture & fixtures (office Equipment)	5	5
Furniture & fixtures	10	10

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

The Company, based on technical assessment made by technical expert and management estimate, depreciates all the assets over estimated useful life which is also the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible Assets

Goodwill

The goodwill represent arising on demerger prior to Ind AS transition. The Company has availed exemption available in Ind AS 101 from retrospective application of Ind AS 103 Business Combination.

Goodwill is not allocated to any single cash-generating units or segment. Management monitors goodwill at the Company level. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Patents, copyrights and other rights

Separately acquired patents and copyrights as well as internally developed ones are shown at historical cost. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Computer software

Costs associated with maintaining software programmes are recognised as an expense as incurred. Separately acquired software are recorded as intangible assets and amortised from the point at which the asset is available for use.

Research and development

Research expenditure and development expenditure that do not meet the recognition criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

Amortisation methods and periods

The group amortises intangible assets with a finite useful life using the straight-line method over the following periods:

Patents, copyrights and other rights : 10 years

Computer software : 6 years

e. Inventory

Inventory comprises of stock of raw material, finish goods, traded goods, work-in-progress, consumables, packing material, and stores. Inventory is valued at cost or net realizable value whichever is lower.

Cost of raw materials, consumables, packing material, stores and traded goods comprises cost of purchases. Cost of work-in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on first-in first-out basis. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

f. **Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

g. **Leases**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly stated in the arrangement.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

h. **Taxes**

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss of the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rate enacted or substantially enacted at the reporting date.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which those can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable Company and the same taxation authority.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

i. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

j. Provisions and Contingent liability

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed in the Notes. Contingent liabilities are disclosed for

- i. possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- ii. present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

k. Employee benefits

Short-term obligations

Short-term employee benefit are expensed as the related service is provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within one year after the end of the period in which the employees render the related service are the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months and accordingly amounts have been classified as current and non current based on actuarial valuation report.

Post-employment obligations

The Company operates the following post-employment schemes:

- i. defined benefit plans such as gratuity, pension, and

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

- ii. defined contribution plans such as provident fund, superannuation fund.

Defined benefit plans

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

I. Financial instruments

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value.

The classification depends on the Company's business model for managing the financial asset and the contractual terms of the cash flows. The Company classifies its financial assets in the following measurement categories:

- i. those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss),
- ii. those measured at amortised cost, and

Subsequent measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. All other financial assets are measured at amortised cost, using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss.

Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss financial assets that are not fair valued.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

The Company follows 'simplified approach' for recognition of impairment loss for trade receivables that have no significant financing component. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized, is recognized under the head 'other expenses' in the statement of profit and loss.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

De-recognition of financial assets

The Company derecognizes a financial asset when -

- i. the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109.
- ii. it retains contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

When the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to extent of continuing involvement in the financial asset.

Financial liabilities

Initial recognition

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification, as described below:

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within one year after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

Borrowings are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least one year after the reporting period.

m. Earnings per share

The basic earnings per share is computed by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Company does not have any potential equity share or warrant outstanding for the periods reported, hence diluted earnings per share is same as basic earnings per share of the Company.

n. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the Company, assesses the financial performance and position of the Company, and makes strategic decisions. The Board of Directors is therefore considered to be the chief operating decision maker.

o. Standards issued but not yet effective

Ind AS 116 - Leases:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of profit & loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- Full retrospective – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

Certain practical expedients are available under both the methods.

On completion of evaluation of the effect of adoption of Ind AS 116, the Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain available practical expedients on transition.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

The effect of adoption as on 1.04.2019 would majorly result in an increase in Right of use asset and corresponding increase in lease liability. The Company is currently evaluating the effect of this amendment on the financial statements.

Amendment to Ind AS 12 - Income Taxes:

1) Introduction of Appendix C :

According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The effect on adoption of Ind AS 12 Appendix C would not be material.

2) In connection with accounting for dividend distribution taxes :

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company is currently evaluating the effect of this amendment on the financial statements.

Amendment to Ind AS 19 - Employee Benefits:

On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19 in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

Amendments to Ind AS 109 - Financial Instruments:

1) Classification of a financial instruments with prepayment feature with negative compensation:

Negative compensation arises where the terms of the contract of the financial instrument permit the holder to make repayment or permit the lender or issuer to put the instrument to the borrower for repayment before the maturity at an amount less than the unpaid amounts of principal and interest. Earlier, there was no guidance on classification of such instruments. According to the amendments, these types of instruments can be classified as measured at amortised cost, or measured at fair value through profit or loss, or measured at fair value through other comprehensive income by the lender or issuer if the respective conditions specified under Ind AS 109 are satisfied.

2) Ind AS 109 excludes interest in associates and joint ventures that are accounted for in accordance with Ind AS 28, Investments in Associates and Joint Ventures from its scope. According to the amendments, Ind AS 109 should be applied to the financial instruments, including long-term interests in associates and

joint venture, that, in substance, form part of an entity's net investment in associate or joint venture, to which the equity method is not applied.

The Company is currently evaluating the effect of this amendment on the financial statements.

p Critical estimated and judgements

i Goodwill

Goodwill is tested for impairment at least annually or when events occur or changes in circumstances indicate that the recoverable amount is less than its carrying value. The recoverable amount is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions. Also refer note 31.

ii Defined benefit obligation

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, employee turnover rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Also refer note 11.

iii Impairment of Trade receivables & Other financial assets

The impairment allowance for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. Assumptions are reviewed at each reporting date. Refer note 24(a).

iv Income Taxes

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

v Estimation of provision for Electricity surcharge

Maharashtra State Electricity Distribution Company Limited (MSEDCL) had levied in the bills raised on the Company, Cross Subsidy Surcharge (CSS) and Additional Surcharge (ASC) on power purchased from outside vendor under group captive mechanism. The matter is sub judice being disputed before appropriate authorities. Based on management's estimate, no provision has been made in the books against the said demand. The matter is disclosed and further explained in Note 28.

In January 2019, the management of the Company decided to sell certain items of machines that were used for paper manufacturing. The sale is expected to be completed within a year. The assets are presented within total assets of the Paper manufacturing segment. The machineries classified as held for sale during the reporting period are measured at its carrying amount, being lower than fair value less costs to sell at the time of the reclassification. The fair value of the machines was determined using the comparative price approach. This is a level 2 measurement as per the fair value hierarchy set out in fair value measurement disclosures (note 23). The key inputs under this approach are price of new item of equivalent machinery, adjusted for its condition & residual life.

Note : Information about individual provisions

(i) Provision against litigation:

Provision for disputed statutory liabilities comprises electricity duties matters under litigation with Electricity department, government of Maharashtra.

The amount of provisions made by the Company is based on the estimates made by the Management considering the facts and circumstances of each case. To the extent the Company is confident that it has a strong case, that portion is disclosed under contingent liabilities.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

(All amounts in INR Lakhs unless otherwise stated)

The timing and the amount of cash flows that will arise from these matters will be determined by the Appellate Authorities only on settlement of these cases.

(ii) Other provision :

Other provision is for probable liability of electricity duty on power generated by the company. As on balance sheet date no demand has been raised on the company, but on prudent basis a provision has been recognised in compliance with Ind AS 37. The management estimates that no cash outflow is expected within 12 months from the balance sheet date, hence entire provision is classified as non current.

(iii) Movements in provisions :

Defined pension benefits	17.40	17.40
Gratuity	484.64	114.00
Total	588.29	378.23

(i) Leave obligations :

The leave obligation covers the Company's liability for accumulated leaves that can be encashed or availed. The company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months and accordingly amounts have been classified as current and non current based on actuarial valuation report.

(ii) Defined benefit plans:

- a Gratuity - The Company provides for gratuity for employees as per the terms of employment. Employees who are in continuous service at least for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is calculated at the last drawn monthly basic salary multiplied by 15 days salary for each completed years of service of the employee. The scheme is funded with Life Insurance Corporation of India (LIC).

In addition, employees who have completed 20 years of service are eligible to additional gratuity computed at last drawn monthly basic salary multiplied by 7 days salary for each completed years of service of the employee. The additional gratuity benefit is unfunded.

**NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

(All amounts in INR Lakhs unless otherwise stated)

The net liability disclosed above relates to funded plans. The Group has no legal obligation to settle the deficit in the funded plans with an immediate contribution or additional contribution. The Group intends to contribute in line with the recommendations of the fund administrator and the actuary.

** One employee (Executive director-Mr.A.K.Jatia) has been transferred from payroll of AMJ Land Holdings Limited to payroll of the company during the year on August 1, 2018.

ab As at March 31, 2018 and March 31, 2019, plan assets were primarily invested in insurer managed funds.

ac Through its defined benefit plans, the group is exposed to number of risks, the most significant of which are detailed below:

Asset Volatility: The Plan liabilities are calculated using a discount rate set with reference to government bond yields. If plan assets underperform, this yield will create a deficit. The plan asset investments are in funds managed by insurer. These are subject to interest rate risk.

Changes in bond yield: A decrease in government bond yields will increase plan liabilities, although this may be partially offset by an increase in the returns from plan asset.

Defined benefit liability and employer contributions:

ad The Company ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long-term investments that are in line with the obligations under the employee benefit plans. Within the framework, the Company's ALM objective is to match assets to the gratuity obligations by investing in funds with LIC in the form of a qualifying insurance policy.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the process used to manage its risks from previous periods.

ae The Group expects to contribute ₹ 482 lakhs to the defined benefit plan during the next annual reporting period.

af The weighted average duration of the defined benefit obligation for gratuity and pension is 10.90 and 13.84 years respectively (2018: 14.50 and 14.62 years). The expected maturity analysis of undiscounted pension and gratuity is as follows:

Particulars	Less than a year	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
31-Mar-19					
Defined benefit obligation gratuity	286.28	173.80	405.05	5,147.84	6,012.97
Defined benefit obligation pension	17.40	17.40	52.20	174.00	261.00
Total	303.68	191.20	457.25	5,321.84	6,273.97
31-Mar-18					
Defined benefit obligation gratuity	203.86	114.45	351.40	8,427.12	9,096.83
Defined benefit obligation pension	17.40	17.40	52.20	174.00	261.00
Total	221.26	131.85	403.60	8,601.12	9,357.83

The expected benefits are based on the same assumptions used to measure the Group's benefit obligations as of March 31, 2019.

b Provident fund : The Group makes contribution towards provident fund which is administered by the trustees. The contributions to the trust managed by the Company is accounted for as a defined benefit plan as the Company is liable for any shortfall in the fund assets based on the government specified minimum rates of return as provided under Para 60 of the Employees Provident Fund Scheme, 1972. The Group has obtained an actuarial valuation of the liability according to which there is no deficit as at the Balance Sheet Date. The liability therefore is restricted to monthly contributions. The details of fund and plan assets are given below:

Expected Rate of Return on Plan Assets **	7.80%	7.25%
Salary Escalation Rate ***	7.00%	8.00%
Rate of Employee Turnover	4.00%	1.00%

* Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.

** The overall expected rate of return on assets is based on the expectation of the average long term rate of return expected on investments of the Fund during the estimated term of the obligations.

*** The estimates of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

bf Sensitivity analysis - the increase / (decrease) in present value of defined benefit obligation to changes in principal assumptions:

Particulars	31-Mar-19		31-Mar-18	
	Amount	%	Amount	%
- 1% increase in discount rate	(67.67)	-4.55%	(115.11)	-8.00%
- 1% decrease in discount rate	127.42	8.56%	134.86	9.00%

- 1% decrease in rate of employee turnover	23.94	1.61%	6.02	0.00%

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated.

(iii) Defined contribution plans:

The Company also has certain defined contribution plans. Contributions are made to recognised funds for employees at the prescribed rate of basic salary as per regulations. The contributions are made to registered funds administered/approved by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. In respect of these plans, contributions paid and recognised in the Statement of Profit and Loss are as follows:

	31-Mar-19	31-Mar-18
Contribution to Employees' Provident Fund	204.24	182.66

(i) Fair value hierarchy:

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities that are measured at fair value or where the fair value disclosure is required.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all mutual funds are arrived at by using closing Net Asset Value published by the respective mutual fund houses.

Level 2: Fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument as observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable data, the instrument is included in level 3.

(ii) **Valuation technique used to determine fair value**

The following methods and assumptions were used to estimate the fair value of the level 3 financial instruments included in the above tables:

The investment in unquoted equity instrument represents investment in class A equity shares of Sai Wardha Power Generation Limited (SWPGL). The investment have some restrictions as per the Share purchase agreement including restriction on sale of these investments to any third party. The fair value arrived at is after taking into account the relevant terms and condition of the Share purchase agreement. Also refer note 4(a) for details.

(All amounts in INR Lakhs unless otherwise stated)

(iii) **As per Ind AS 107 “Financial Instrument: Disclosure”, fair value disclosures are not required when the carrying amounts reasonably approximate the fair value. Accordingly fair value disclosures have not been made for the following financial instruments:-**

1. Trade receivables
2. Cash and cash equivalent
3. Other bank balances
4. Security deposits
5. Interest accrued on deposits
6. Borrowings
7. Trade payables
8. Capital creditors
9. Unpaid dividends
10. Employee dues
11. Bank overdrafts
12. Other payables

NOTE 24 : FINANCIAL RISK MANAGEMENT

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the Company.

a. MANAGEMENT OF CREDIT RISK

Credit risk is the risk that a counterparty will not meet its obligations under a contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and other financial instruments.

i) **Trade receivables:-**

Trade receivables are generally unsecured, except for export sales which are generally covered by letters of credit and some parties in Hygiene division where security is obtained in the nature of bank guarantee. Customer credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. An impairment analysis is performed at each reporting date on an individual basis for major customers. The Company evaluates the customer credentials carefully from trade sources before appointment of any distributor and only financially sound parties are appointed as distributors. The Company secures adequate deposits from its distributor and hence risk of bad debt is limited. The credit outstanding is sought to be limited to the sum of advances/deposits and credit limit determined by the company. The company have stop supply mechanism in place in case outstanding goes beyond agreed limits.

To measure the expected credit loss, trade receivables have been grouped based on the days past due. The expected loss rates are based on the payment profiles of sales over a period of 36 months before

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

(All amounts in INR Lakhs unless otherwise stated)

the reporting date and the corresponding credit loss experienced within this period. The historical loss rates are adjusted to reflect current and forward looking information on macroeconomic factors such as expected industry growth, GDP, unemployment rate etc. affecting the ability of the customer to settle the receivables.

Expected credit loss for trade receivables under simplified approach:

Ageing	Not due	0-30 days past due	31-180 days past due	181-365 days past due	More than 365 days past due	Total
Gross carrying amount	5,910.75	745.55	136.11	18.99	643.06	7,454.46
Expected loss rate	0.25%	1.00%	10.00%	50.00%	100.00%	
Expected credit losses (Loss allowance provision)	14.48	7.45	13.61	9.50	643.03	688.07
Carrying amount of trade receivables (net of impairment)	5,896.27	738.10	122.50	9.49	0.03	6,766.39

The following table gives details in respect of percentage of revenues generated from top customer and top five customers:

Particulars	31-Mar-19	31-Mar-18
Revenue from top customer	13.41%	15.52%
Revenue from top five customers	36.98%	35.49%

The company's credit period generally ranges from 15-60 days

During the period, the Company made no write-offs of trade receivables. It does not expect to receive future cash flows or recoveries from receivables previously written off.

ii) Other financial assets:-

Credit risk on cash and cash equivalents is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units, carried at fair value. Other financial assets that are potentially subject to credit risk consists of lease deposits and inter corporate loans. The Company charges interest on such loans at arms length rate considering counter party's credit rating. The Company assesses the recoverability from these financial assets on regular basis. Factors such as business and financial performance of counterparty, their ability to repay, regulatory changes and overall economic conditions are considered to assess future recoverability. An impairment analysis is performed at each reporting date on an individual basis. The Company does not hold collateral as security. During the year, the company made additional provision of ₹ 7.62 lakhs for doubtful deposits and other financial assets. Based on assessment performed management has concluded that impact of expected credit loss is not material and current provision made against Loans and Other financial assets is adequate to cover the provision on account of expected credit loss. The Company's maximum exposure to credit risk is the carrying value of each class of financial assets.

iii) Reconciliation of loss allowance provision:

Particulars	Trade receivables	Other financial assets	TOTAL
Loss allowance on 1 April 2018	685.65	126.21	811.86
Changes in loss allowance	2.42	7.62	10.04

b **MANAGEMENT OF LIQUIDITY RISK**

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses or risking damage to company's reputation. In doing this, management considers both normal and stressed conditions.

Management monitors the rolling forecast of the company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The company has access to funds from debt markets through loan from banks. The company invests its surplus funds in bank deposits and debt based mutual funds.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

c **MANAGEMENT OF MARKET RISK:**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate, interest rate and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, financial assets and liabilities in foreign currency, investments in quoted instruments and derivative financial instruments. Regular interaction with bankers, intermediaries and the market participants help us to mitigate such risk.

i) **Foreign currency risk**

The primary market risk to the Company is foreign exchange risk. After taking cognisance of the natural hedge, the company selectively takes hedges to mitigate its risk resulting from adverse fluctuations in foreign currency exchange rate(s).

When a derivative is entered into for the purpose of hedge, the Company negotiates the terms of those derivatives to match the terms of the underlying exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

The company uses foreign exchange forward contracts to hedge its exposure in foreign currency risk. During the year ended March 31, 2019, the company did not have any hedging instruments with terms which were not aligned with those of the hedged items.

ac Sensitivity

For the year ended March 31, 2019 and March 31, 2018, every percentage point appreciation/depreciation in the exchange rate would have affected the Company's operating margins respectively:

- INR/USD by approximately 1.36% and 1.46%
- INR/CHF by approximately Nil and 0.01%
- INR/EUR by approximately Nil and 0.00%

Sensitivity analysis is computed based on the changes in the income and expenses in foreign currency upon conversion into reporting currency, due to every percentage point appreciation/depreciation in the exchange rates.

ad The following significant exchange rates have been applied during the year.

INR	Year-end spot rate	
	31-Mar-19	31-Mar-18
USD	69.25	65.10
EUR	77.57	80.12
CHF	69.33	68.16

ii) Interest rate risk exposure

Interest rate risk is the risk that the fair value or future cash flows on a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the company's interest rate position. Various variables are considered by the management in structuring the company's investment to achieve a reasonable, competitive cost of funding.

Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

	Impact on profit after tax	
	31-Mar-19	31-Mar-18
Interest rates - increase by 50 basis points (50 bps)	(23.32)	(10.01)
Interest rates - decrease by 50 basis points (50 bps)	23.32	10.01

iii) Price Risk and Sensitivity:

The Company is mainly exposed to the price risk due to its investment in debt mutual funds. The price risk arises due to uncertainties about the future market values of these investments. As on 31-Mar-19, the investments in debt mutual funds amounts to ₹ 2219.03 lacs (31-Mar-18 : ₹ 1872.18). These are exposed to price risk.

The Company has laid policies and guidelines which it adheres to in order to minimise price risk arising from investments in debt mutual funds.

A 1% increase in prices would have led to approximately an additional ₹ 22.19 lacs gain in the Statement of Profit and Loss (2017-18 : ₹ 18.72 lacs gain). A 1% decrease in prices would have led to an equal but opposite effect.

NOTE 25 : CAPITAL MANAGEMENT

(a) Risk management

The Company's capital comprises equity share capital, share premium, retained earnings and other equity attributable to equity holders.

The Company's objectives when managing capital are to :

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. Net debt comprises of long term and short term borrowings less cash and bank balances. Equity includes equity share capital and reserves that are managed as capital.

NOTE 26 : SEGMENT INFORMATION

The Board of Directors examines the Company's performance based on the products and geographic perspective and has identified below mentioned reportable segments of its business as follows:

Paper : The Paper segment relates to manufacturing (including processing) and marketing of various types of speciality papers, consisting Opaque Laminating Base, Glassine, Base paper, Bible Paper, etc.

Hygiene products: The Hygiene products segment relates to processing/trading and marketing of tissue and other hygiene papers as well as marketing and distribution of other hygiene products.

Segment Revenue, Result, Assets and Liabilities include the respective amounts identifiable to each of the segments and amount allocated on a reasonable basis. Unallocated expenditure/income consist of common expenditure incurred for all the segments and expenses incurred or interest/investment income earned at corporate level. The assets and liabilities that cannot be allocated between the segments are shown as unallocated assets and unallocated liabilities respectively.

The accounting policies of the reportable segments are the same as the Company's accounting policies described in Note 2. The operating segments reported are the segments of the Company for which separate financial information is available. Profit before tax (PBT) are evaluated regularly by the CODM in deciding how to allocate resources and in assessing performance. The Company's financing (including finance costs and finance income) and income taxes are reviewed on an overall basis and are not allocated to operating segments. Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Claims against the Company not acknowledged as debts.	197.31	197.31
(c) Interest on electrical duty on generated power: Claims against the Company not acknowledged as debts.	327.23	327.23
	<u>545.91</u>	<u>546.27</u>

- (d) The Company has been purchasing power (i.e. electricity) from Sai Wardha Power Generation Limited (SWPL) since June 2016 under the Group Captive mechanism. Any purchase of power under Group Captive mechanism is exempt from the levy of Cross Subsidy Surcharge (CSS) and Additional Surcharge (ASC) subject to certain conditions.

In respect of the power supply availed by the Company from SWPL, the Maharashtra State Electricity Distribution Company Limited (MSEDCL) had levied in the bill raised on the Company CSS and ASC for financial year 2016-17 of ₹ 716.98 lakhs and 2018-19 (till October 2018) of ₹ 863.39 lakhs and the same is sub judice being disputed before appropriate authorities. In terms of the interim stay granted for 2018-19 by Appellate Tribunal for Electricity (APTEL) the Company was required to deposit ₹ 431.70 lakhs being 50% of CSS and ASC for the Financial Year 2018-19 while staying the demand for that year.

Further in terms of the Power delivery agreement with SWPL, if CSS/ ASC is ever imposed for any reason whatsoever then SWPL shall, at its own cost and consequences, approach the appropriate Forum/ Courts as may be considered appropriate by SWPL until the levy is finally and absolutely confirmed by such Court/Forum. If CSS/ ASC is levied on or directly or indirectly borne by the Company it would be forthwith reimbursed to the Company by SWPL or the Company will deduct the same from the amounts payable to SWPL.

As on date SWPL has become a subject matter of Insolvency and Bankruptcy Code wide an order of National Company Law Tribunal, Hyderabad. The Resolution process of SWPL is not yet completed and the Company's claims of CSS/ ASC from SWPL have been rejected by the Resolution Professional of SWPL, on the ground that the claims are sub judice.

In view of the nature of dispute and merits of the case, the Company does not envisage an ultimate liability for these amounts and accordingly as on balance sheet date no provision had been made in books for the same.

NOTE 31: IMPAIRMENT

- (a) Goodwill has arisen as per the Scheme of arrangement and reconstruction(demerger) approved by high court dated January 8, 2016. Goodwill reflects the difference between the fair value of shares issued and all the net assets transferred at carrying value under the scheme. The management monitors goodwill at the company level by considering entire business. Consequently goodwill is not allocable to any segment or cash generating unit.

Goodwill is tested for impairment at least annually in accordance with the Company's procedure for determining the recoverable value of the entire business of the company.

- (b) The recoverable amount is the higher of its fair value less cost to sell and its value in use. The fair value is determined based on market capitalization while the value in use is determined based on specific calculations. These calculations use pre-tax cash flow projections for the company over a period of 5 years. An average of the range of each assumption used is mentioned below. The recoverable amount was computed based on value-in-use being higher than fair value and the carrying amount of the total assets . The key assumptions used for the calculations are as follows:

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019 (Contd.)

(All amounts in INR Lakhs unless otherwise stated)

	(in %)
	March 31, 2019
Long term growth rate	0.50%
Discount rate	12.15%

Management has determined the values assigned to each of the above key assumptions as follows:

Assumption	Approach used to determine values
Operating margins	Based on past performance and management's expectations of the future.
Long term growth rate	The rates are consistent with forecasts included in industry reports.
Discount rate	This is the weighted average cost of capital.

- (c) Based on the above, no impairment was identified as of March 31, 2019 as the recoverable value exceeded the carrying value. An analysis of the calculation's sensitivity to a change in the key parameters (revenue growth, operating margin, discount rate and long-term growth rate) based on reasonably probable assumptions, did not identify any probable scenarios where the recoverable amount would fall below its carrying amount.
